

SOLAR STIK®

24VDC Inter-Connect Strip 7

Item # 13-1000160

Overview

The 24VDC Inter-Connect Strip 7 is a fundamental tool for expanding the energy storage capacity of a system. It is a common bus for connecting up to seven components. For example, one to six 24VDC Expander Paks can be connected in parallel as a battery bank, which can then be connected to a power management component such as a PRO-Verter.

General

Warranty	1-year materials and workmanship
----------	----------------------------------

Connections

Inter-Connect	(7) 24VDC
---------------	-----------

Weights and Dimensions

Weight	5.5 lb (2.5 kg)
Dimensions	24.125 x 4 x 2.125 in (61.3 x 10.16 x 5.4 cm)

Features

- Connects batteries on a parallel, common bus
- Drain hole
- Plug & Play
