No Distance Too Great

The 24VDC Solar Bayonet Extension Cable expands capability and reach of the Solar MC4/Bayonet Cable. It is designed to “Plug & Play” with this cable and appropriate power management devices. The Extension Cable can provide up to 75 additional feet of cable length, with limited to no line loss. The cable employs the same ruggedized connections as the Solar MC4/Bayonet Cable, ensuring ensuring long mating cycle life and ease of use. It seamlessly increases the operating radius of a System to allow a wide variety of System setup options.
